How We Work

“Cinzia Bulciolu Luxury Yachting Services” aims to provide unique, personalized services on large yachts, in vintage villas and luxury hotels, always guaranteeing the **highest quality**.

LINEN FOR YACHT

We are specialized in the home textile sector for over 50 years, and for the last 10 years we have also been working in the nautical sector, and we look forward to helping you create an interior that uniquely reflects your personality and preferences, and providing an experience memorable for all on-board.

Working with top linen companies, we can supply a bespoke range of bed linen, table linen and crew linen, all of which can be tailored to your specific needs.

We specialize in the creation and production of custom-made linen for bed, bath and table, as well upholstery in leather and fabrics. Our bespoke products include sheets, duvets, duvet covers, quilts, curtains, towels as well as furnishings and cushions for on deck.

WRAPPING

3d Certified with European Endorsement.
Application of 3M adhesive films for
exterior and interior. Leader in Italy with
more than 50 yachts wrapped every year.
Attention to detail makes the quality.

Why choose wrapping? It's fast and
convenient with over 1,000 fine finishes to
choose from.

GLASS COATING

Glass coating is a product with high technological content, it is a clear and transparent liquid and may be applied to surfaces such as gel coat, plastics, polymers, lacquers, metal, alloys and painted surfaces.

- > Restores original gloss to dull and oxidized surfaces.
- > Increases the resistance to UV rays
- > Increases resistance to exhaust staining
- > The glass coated surface is easy to clean
- > High resistance to oxidization and corrosion
- > Easily removed in the future for new paint job
- > Can be applied afloat or in yards
